

Digital Printing Portfolio

Xeikon Labels and Packaging

Checked (✓) line items indicate specific Fasson® product constructions that have been qualified for Xeikon presses as noted. Refer to the Xeikon print media guide for complete listings.

Where appropriate, we have added additional constructions with comparable facestocks, which based on our experiences will print well. Most products are available through our EXACT™ and Ready Width™ service programs. The one slit roll minimum and next day shipment are a great complement to the short run/quick turn capabilities of digital presses. Additional product offerings are available. Please contact your Avery Dennison sales representative for further assistance.
